### Butte du Montaigu

The « Chapelle du Montaigu » (1402) sits on top of the hill (« butte ») and was a landmark in the pilgrimage to the « Mont St Michel ». Superb views.

A little further, in Mezangers, take a stroll on the impressive grounds of the Chateau du Rocher (The chateau itself is not open to the public).

On the way back, do not miss the quiet site of the « **Rubricaire** » which has the remnants of a Roman camp (on the Bais- Evron road)
